69	Orthopedic Surgeon World	Logical,Kinesthetic,Spatial& Intrapersonal	Reasoning, Hand-eye-cord, Interpretation, Selfawareness.	Orthopedic surgeons specialize in the musculoskeletal system. These physicians diagnose or treat injuries and illness such as broken bones or rheumatoid arthritis, and work with trauma patients who need rehabilitation or focus on injury prevention.
70	Anesthesiologist World	Spatial,Naturalistic,Logical& Kinesthetic& Interpsersonal.	Interpretation Classifying, Reasoning, hand-eye-Cord& Peoplehandking	An Anesthesiologist is a medical doctor who cares for a patient before, during and immediately following a surgical or medical procedure by administering appropriate anesthesia and monitoring the patient for reactions and complications, and to ensure comfort and manage pain.
71	Paleontologist World	Naturalistic,Logical,Spatial & Kinesthetic.	Classifying, Reasoning, Interpretation & Hand-eye-Cord.	Paleontologists study fossils to research life on Earth. Paleontologists study all manners of fossilized remains of organisms, including those of plants, animals, bacteria and even single-celled living beings, according to the Paleontological Research Institution.
72	Geologist World	Naturalistic,Logic,Spatial& Linguistic	Classifying, Reasoning, Interpretation& Precise Communication.	Studies composition, structure, and history of earth's crust: Examines rocks, minerals, and fossil remains to identify and determine sequence of processes affecting development of earth.
73	Naval Officer	Logical,Spatial,Kinesthetic& Interpersonal	Reasoning, Interpretation, Hand-eye-cord & Peoplehandling.	Indian Naval officers are responsible for planning, organizing, conducting, overseeing the prepardness for defending our marine boundaries as well as supporting international peacekeeping and any humanitarian work.
74	Naval Officer - Education	Logical,Linguistic,Kinesthetic & Interpersonal	Reasoning, Precise Communication, Hand-eye-Cord & People handling.	Education Officers are responsible for scientific and methodical instructions, including theoretical aspects of technical subjects of all branches of the navy and also for general education.
75	Naval Officer - Works & Engineerin	Logical,Kinesthetic,Spatial & Interpersonal	Reasoning Hand-eye-Cord Interpretation & Peoplehandling.	Major functional areas include research and development (R&D), ships and ship systems engineering, electronic systems engineering and combat/ weapons systems engineering.
76	Navigator	Spatial, logical, Intrapersonal& Naturalistics.	Interpretation, Reasoning, Selfawareness & Classifying.	Navigators guide the airplanes that are used in civilian aviation and the Indian Air Force. Navigators read maps and use radar and other methods to guide the pilot safely to his destination.
77	Navy Education Officer World	Logical,Spatial,Linguistic& Interpersonal	Reasoning, Interpretation Precise Communication & Peoplehandling.	As an Education Officer you will play a major role in the training of naval officers/sailors. You are responsible for scientific and methodical instructions, including theoretical aspects of technical subjects of all branches of the navy and also for general education. An Education Officer can specialise in almost all specialisations of the Executive Branch.

<i>S.No</i>	<i>My Ambition to become World class Expert in</i>	<i>My Speciality and Required Intelligence</i>	<i>Intresting skills to improvise my Intelligence</i>	<i>Little More Clarity about my Ambition</i>
78	Navy Electrical World	Logical,Spatial,Kinesthetic& Intrapersonal	Reasoning, Interpretation Hand-eye-cord & Selfawareness.	A warship is a mini floating city with an integral power generation and distribution system. In addition, complex missile systems, underwater weapons, radar and radio communication equipment form major part of a warship's equipment. A majority of these are either computer-based or computer aided and incorporate the latest trends in electronics engineering. For a ship to be able to fight effectively, all these equipment must be kept working at peak efficiency. Electrical Officers have this responsibility and other challenging tasks.
79	Navy Engineer World	Logical,Spatial,Kinesthetic& Intrapersonal	Reasoning, Interpretation Hand-eye-cord & Selfawareness.	Modern ships, submarines and aircraft are fitted with advanced technology machinery and propulsion systems. As an Engineer Officer, you will be responsible for keeping all these Hi-tech systems serviceable. Opportunities exist to work in gigantic naval dockyards and indigenous production units
80	Navy Sailor World	Logical,Kinesthetic,Spatial & Intrapersonal	Reasoning, Hand-eye-cord, Interpretation & Selfawareness.	The propulsion machinery, weapons, sensors and equipment on board these weapon platforms are operated and maintained by sailors, who are imparted with requisite training at various intervals during their service.
81	Navy World	Logical,Spatial,Kinesthetic& Intrapersonal	Reasoning, Interpretation Hand-eye-cord & Selfawareness.	The full range of operations in which a nation's naval forces may be involved is vast, ranging from high intensity war fighting at one end to humanitarian assistance and disaster relief operations at the other end.
82	Indian Air Force - Pilot World	Logical,Kinesthetic,Intrapersonal& Linguistic	Reasoning, Hand-eye-cord, Self awareness & Precise Communication.	Air Force fighter pilots are highly specialized military officers and must be trained and educated to perform the complex duties of the job. Fighter pilots must prepare for their missions by reviewing their goals, obtaining weather information, and understanding existing intelligence.
83	Indian Air Force - Technical World	Logical,Spatial,Kinesthetic& Interpersonal	Reasoning, Interpretation, Hand-eye-cord & Peoplehandling.	As an officer in the Technical Branch, you propel and manage your team to ensure that the Indian Air Force remains airworthy. You would be incharge of some of the most sophisticated equipment in the world by joining one of the sub branches based on your qualification.
84	Indian Air Force- Accounts World	Logical,Financial,Linguistic& Intrapersonal	Reasoning, ROI, Precise Communication & Selfawareness	Responsible for efficient financial management of funds.You will also act as internal auditor to ensure a zero-defect audit from outside agencies.
85	Indian Air Force- Admin.World	Logical,Linguistic,Interpersonal & Spatial	Reasoning, Precise Communication, Peoplehandling, Interpretation.	Responsible for the efficient management of both human and material resources. Some of the officers of the Administration Branch are selected and trained to carry out the duties as Air Traffic Controller & Fighter Controller.

<i>S.No</i>	<i>My Ambition to become World class Expert in</i>	<i>My Speciality and Required Intelligence</i>	<i>Intresting skills to improvise my Intelligence</i>	<i>Little More Clarity about my Ambition</i>
86	Indian Air Force-Logistic World	Logical,Spatial,Kinesthetic& Interpersonal	Reasoning, Interpretation, Motorskills & Peoplehandling.	Responsible for materials management of all Air Force resources. You would ensure efficient supervision of inventories, and involve in procurement processes of various ranges of equipment.
87	Meteorologist World	Naturalistic,Spatial,Logical & Linguistic	Classifying, Interpretation, Reasoning & Precise Communication.	Since weather is everywhere, meteorologists can be found all over the world doing many different jobs as, Operational forecaster, Military, Airlines, Road crews, Radio and television stations, etc.
88	Mechanical Engr.World	Logical,Spatial,Kinesthetic& Financial.	Reasoning, Interpretation, Hand-eye-Cord& Costing.	Mechanical engineers provide efficient solutions to the development of processes and products, ranging from small component designs to extremely large plant, machinery or vehicles. They can work on all stages of a product, from research and development to design and manufacture, through to installation and final commissioning.
89	Civil Engr.World	Spatial,Logical,Kinesthetic, Naturalistic&Financial	Interpretation, Reasoning, hand-eye-Cord Classifying& Costing	Civil engineers are involved with the design, development and construction of a huge range of projects in the built and natural environment. Their role is central to ensuring the safe, timely and well-resourced completion of projects in many areas, including highway construction, waste management, coastal development and geotechnical engineering.
90	Aeronautical Engr.World	Spatial,Logical,Intrapersonal& Kinesthetic.	Interpretation, Reasoning, Slefawareness& hand-eye-Cord.	An aeronautical engineer applies scientific and technological principles to research, design, develop, maintain and test the performance of civil /military aircraft, missiles, satellites.
91	Marine Scientist World	Naturalistic,Logical,Spatial, Kinesthetic&Intrapersonal	Classifying, Reasoning, Interpretation, Hand-eye-Cord Selfawareness.	Marine scientists are involved in research, analysis and forecasts in relation to the oceans, their life forms and coastal areas.
